

MANDELA DAY 2022 - "Do what you can, with what you have, wherever you are"

Society for the Care of Persons with Mental Handicap

LITTLE EDEN Society invites individuals, corporates and businesses to honour and keep alive the legacy of Nelson Mandela by supporting the 300 children and adults with profound intellectual disability in our care. **Contribute towards any of the items on our wish list listed below or help us with our maintenance projects.** For the safety of our residents, our guard is still up when it comes to Covid-19. As a result, there will be no direct interactions with our residents. However, small groups of supporters are invited to visit and can be taken on a tour of our facilities for a maximum of one hours per group - **NB:** wearing of masks at all times during the visit is a requirement. You are also welcome to drop off your valuable donations at any of our two Homes, make a financial donation (reference your cell phone number / Mandela) towards the items on our wish list (monetary donations will receive 18A certificate in terms of Income Tax Act of 1962.) or contact us to offer your services with our maintenance projects. We look forward to connecting again in person and making an impactful difference.
